■ COMPANY PROFILE

Al Joubah Regional Company for General Trading is one of Kuwait's leading supply and Services Company with wide range of products such as Piping, Drilling, F&G, Electrical, Equipments, Tools and Consumables for all Sectors. The Company has tie up with some major Suppliers and Manufacturers in USA, Canada, Europe, India, the Far East and Middle East for procurement of high quality materials in shortest time at very competitive prices.

Our Company Management consists of experts with vast technical, commercial and administrative experience in their respective fields. We maintain an efficient system of management reporting.

We are the registered supplier for many major Oil Companies and EPC contractors in Kuwait, including KOC, KNPC, KGO, and more. We have developed excellent long standing relationships with a number of leading manufacturers of oil field supplies. Consequently, we are able to obtain high quality products and equipments for our customers at extremely low prices.

- **MISSION**
- **VISION**

MISSION

Al Joubah Regional Company for General Trading is committed to offer its customers the highest quality of specialized products and services. We focus on achieving this objective by supplying the best products, in the most economical manner, while still protecting our people and the environment.

We strive to achieve quality and delivery standards that outshine the rest of the oil field services in the market. We aim at gaining industry confidence and increasing our market share with the highest level of client satisfaction achieved through providing custom made products for our customers. We will capitalize upon the investments and offerings through trust, integrity and the satisfaction of our customer beyond their expectations.

VISION

Al Joubah Regional Company for General Trading strives to be a leading solution provider and supplier in the GCC and African region, operating in conjunction with major manufacturers and suppliers. We focus on providing various upstream oil field services and customized solutions to meet the needs of our customers. We provide a continuous, uninterrupted availability and provisioning of supplies to meet the growing needs of clients in the oil and gas industry.
